## **Scrimmage Notes:**

- The Brookfield Bulldogs are proud to host one of the first outdoor tournaments in the area for the 2012 baseball season. The goal is to offer the U12 kids an opportunity to get outside and play teams in tournament format, with real game conditions.
- Please keep in mind that these scrimmages are learning opportunities for the kids. We encourage as much position changes, playing time for each kid, and instruction as possible.
- There will be no substitution limitations or re-entry rules.
- Umps and balls will be provided, and fields will be maintained and groomed both days. Real game day conditions will be replicated as much as possible.
- WSYBL rules will apply. Remember- these are scrimmage games, so when in question we ask that coaches defer to umpires and come to diplomatic resolutions to keep the games moving forward.
- Concessions will be available at each field, and we ask that no food or beverage be carried in. Pets are prohibited at both field locations.
- Each team will be asked to submit a roster and sign liability forms for each player that will be on the roster. If players do not turn in a liability release form, they will not be permitted to play.
